PRODUCT RECALL

Dimplex Portable Dehumidifier – DXDH10N, DXDH16N,
DXDH20N, FTE10, FTE16, FTE20

A safety issue has been identified with a batch of Dimplex portable dehumidifiers. A component in the product may overheat, resulting in the product catching fire.

Affected products can be identified by the serial number, which is located on the product rating plate. This is accessible by removing the water tank.

Rear of product - Tank removed

Affected products have a serial number starting with 501 through to 652.

51500763

Dehumidifiers with a different model number or that start with a different serial number are not affected.
